Night Hike at the Zoo!

Saturday, June 25, 2016

9:00pm – 10:30pm

Have you ever wondered what it would be like to wander the Amarillo Zoo after the sun goes down? If so, you're in luck! Make sure to mark your calendar to attend "***Night Hike at the Zoo!***" Saturday, June 25 from 9:00 p.m. to 10:30 p.m.

It all begins at sundown where you'll have a chance to stroll around the zoo and encounter special exhibits and discovery stations. You'll learn about the adaptations nocturnal animals have to help them survive. You'll meet some pretty cool night time animals like a tarantula, scorpion, opossum, skunk, salamander and other nocturnal creatures. You'll even have an opportunity to see the larger animals in their night time habitats like the lions, tigers, bears and lemurs.

The Zoo concessions will be open to satisfy late evening munchies.

Flashlights are not required, but you may bring one if you feel you need aid in walking around the Zoo. We recommend modifying your flashlight with a red lens to help you with your night vision and not to disturb the animals. The Zoo will have lanterns at key exhibit areas and discovery stations.

This great evening is only \$5 per person.

Amarillo Zoo is located at NE 24th Ave and Dumas Highway inside Thompson Park. For more information call 806-381-5605 or visit the Zoo's website www.amarillozoo.org and follow us on Facebook.
